Students in this course, in conjunction with the teachers at the Empowering Youth in Cambodia (EYC) schools, will design and deliver a curriculum over the course of two weeks. This course will give BSU students an opportunity to put into practice pedagogical methods while experiencing first-hand the challenges and rewards of working in an urban slum in Cambodia.

Sites & Highlights

Students will get to participate in a Mekong Boat Tour, visit a silk farm, Wat Opot, Choeung Ek, Siem Reap, teach in schools, and install bio-sand filters with Water for Cambodia

*Students must be able to be on their feet for an extensive period of time. This course requires a lot of walking and climbing stairs, and getting in and out of tuk tuks daily.
